

DIRECTIONS to William H. Thayer Rink (Warwick, R.I.)

(Note: The Route 113 Exit and path from Rt. 95 is under bridge construction midway thus we recommend Rt. 95 exits for Rt 117 or Rt. 37 will be primary routes shown).

FROM THE NORTH of WARWICK via ROUTE 95

Option #1: Take RT 37 Exit #14A off of RT 95 South and stay to the left at fork and continue on RT 37 into Warwick. Take EXIT prior to Route 37 connector end which is the Rt. 1 - Post Road South off-ramp. On Route 1 (Post Road) South proceed 0.5 mile and turn LEFT onto AIRPORT Road. Proceed on Airport Road 1.5 miles to Warwick Avenue intersection where you will turn right. Proceed for 1.5 miles on Warwick Avenue (south) to the intersection with Sandy Lane. Turn right on Sandy Lane and proceed 0.8 miles...Thayer Rink on right.

Option #2: Take Exit #13 (Green Airport & Connector). Continue on connector to (Rt 1. Post Road) exit. Take exit and turn left onto Post Road –Route 1 North. Proceed about 1/2 mile and turn right onto Airport Road. Follow AIRPORT ROAD instructions above from Option #1.

THAYER RINK - FROM THE SOUTH of WARWICK via ROUTE 95

In Rhode Island, take the Exit#10 for Route 117, East.

Stay on Route 117 East to Sandy Lane (just over 3 miles from Route 95 thru lights)

At that point (three quarters of a mile beyond the intersection with Route 113 and just beyond Dave's Supermarket - on the left) Route 117 curves to the right. Ready yourself into left left since there's a 4-way intersection with the left turn lane onto Sandy Lane which angles only slightly to the left as you sit in the left turn lane on Route 117. Take Sandy Lane.

The rink is a few hundred yards along Sandy Lane on the left.
